WHY ADI KAILASH WITH US?

WE RIDE SAFE, SLOW & STEADY

We believe in EASY riding. We don't ride to race or rally, but to enjoy the beauty of the valley. Safety is our major concern — we urge riders to ride with proper safety gear, gloves & full-face helmets only.

MOUNTAIN SICKNESS PREVENTION

We take preventive measures for AMS — Acute Mountain Sickness. We carry oxygen cylinders and a first-aid kit at all times to minimize any health issues arising at higher altitudes (3,500–4,572m).

24X7 BACK-UP SUPPORT

An expedition leader, trip captain, experienced mechanic and local mountain staff travel with every batch. A support vehicle (for batches of 10+) carries luggage, oxygen, extra fuel, mechanical support and spare parts for a worry-free riding experience.

WHY ADI KAILASH WITH US?

THE UNTOUCHED LOCATIONS

What we serve on a platter are unique, untouched routes of unexplored Kumaon. The inclusion of the Darma Valley route to the Indo-Nepal border is a classic example — this less-travelled path gives you the extra adrenaline rush you've been dreaming of.

BUILT ON REAL EXPEDITION EXPERIENCE

Every route on this itinerary has been ridden, refined and mapped by our own team — not copied off a brochure. Each season, passion drives us to run it bigger, better and safer than before.

TRAVEL WITH THE LOCALS

Our on-ground team comes from the mountains. The Himalaya is our home turf — so expect a far more unique riding experience than any standard tour agency in the market can offer.

FREQUENTLY ASKED QUESTIONS

Q. When can I do the Adi Kailash & Om Parvat ride?

A. Every year from May–June and September to early November.

Q. What kind of stays do you provide?

A. Hotels in Pithoragarh and traditional homestays in Nabi Village & Darma Valley.

Q. What kind of food is provided?

A. Both veg & non-veg. We recommend vegetarian food at higher altitudes.

Q. Which motorcycle is provided?

A. Royal Enfield Himalayan 450 or a comparable model.

Q. How are the road conditions?

A. Roughly 50% well-paved mountain roads, 30% broken roads and 20% gravel & dirt tracks.

Q. What riding gear should I bring?

A. Riding jacket, riding pants, boots, gloves and a full-face helmet. Rental gear is also available.

Q. Is there a lack of oxygen on this ride?

A. Yes — you'll ride above 3,500m, and up to 4,572m at Om Parvat. Dehydration is the biggest cause of AMS. Drink water mixed with electrolytes, don't push too hard, and tell your Trip Captain immediately if you feel unwell.

Q. Do Pithoragarh & Dharchula have ATMs?

A. Yes, but they're unreliable beyond Dharchula — carry sufficient cash from the start of the trip.

Q. Which mobile network works in the region?

A. BSNL and postpaid Jio/Airtel connections work in patches; coverage is limited beyond Dharchula.
